By County Councillor Jessica Fleming, Hartismere Division, Suffolk

[Jessica.fleming@suffolk.gov.uk](mailto:Jessica.fleming@suffolk.gov.uk) Tel: 07714-597980 twitter: @jesstfleming

**New Grit Bin Policy** - Suffolk Highways has reviewed grit bin and grit heap provision. Details of how the new system will operate will be sent to parish/town/borough and district councils shortly. Grit heaps will no longer be restocked due to pollution concerns. Any parish/town which has a grit heap is encouraged to apply for a new grit bin in line with the guidance.

**Parking Enforcement to Transfer to District Councils** – SCC needs to create Traffic Regulation Orders for each of the 6 Suffolk districts so that this responsibility can be locally enforced. Existing parking restrictions need to be checked within parishes to ensure they are valid, Parish Council responses to this consultation (sent separately) should be returned by 28<sup>th</sup> September.

**Recycling Sites to be Replaced** - The existing Ipswich and Stowmarket sites are severely constrained with limited expansion opportunities and money has been earmarked for replacement sites. Construction of a new site in Stowmarket is expected to get underway in 2019/20.

**Local Meeting with MP Jo Churchill** – This took place in Gisleingham Village Hall on 16<sup>th</sup> August and was well attended by local residents and by myself. Topics raised included:

- Public transport (local 456/ 459 bus service replacement and Community Transport): Capacity problems were raised on the Stowmarket route, particularly during school holidays; no room for push trolleys or baby chairs; no wheelchair access; passengers do not get issued paper tickets. (Follow up – JF meet with SCC Passenger Transport and BSEVC)
- Re. Community Transport it was noted that the phone was not always answered during office hours and messages were not always returned; the connection service is expensive. (Follow up – JF as above, inform JC)
- A140 Junction Safety: the junction at the Thornham White Horse was singled out as particularly dangerous, in general increased traffic is making access to the A140 difficult. (Follow up - JC to with Cabinet Member Mary Evans; JF clarify status of a Safety Study)
- Planning: very slow responses from Mid Suffolk noted.
- Design: house builders are not building the types of homes people WANT and NEED. Design in general is inferior and large builders get away with mass produced proposals (Follow up- JF Review SCC's progress with the Suffolk Design Guide Draft – update PC)
- Special Education Needs: a parent noted the difficulties of planning and in getting to and from school in Eye and poor state of mental health services generally. Thurston HS was mentioned as having in house specialist staff and that this is helpful

Road Closures – notices are put up but often the road is not closed (Follow up – JF, this may be highways or stat undertakers such as Anglian Water, UK Power, BT etc.)
