950 leaflets were distributed in the Messenger, although there has been a good number of Responses, if anyone who still has the leaflets at home, please can you complete and return to the shop so they can be reviewed by the council before being posted.

Residents feel that there are better options to investigate other than Pylons ie. Subsea Cables like Sumitomo Electric are installing.

The residents present would like to urge all household members over the age of 18 to send their views to contact@n-t.nationalgrid.com and jo.churchill.mp@parliament.uk , this is your opportunity to have your say and make your views known. Suffolk Wildlife Trust and Electric Systems Operators Reports are both very comprehensive reports on this proposal. There is also a website and facebook campaign for further information visit www.pylonseastanglia.co.uk for further information.

CC Cllr Flemming and DC Cllr Warboys discussed this at the Annual Village meetings and are in agreement with local residents, they are working with their teams to try and get the proposal paused, and explore alternative sites and options. DC Cllr Warboys has also requested a Traffic Management Plan from NG.

Residents have asked to see the draft report the council is planning to submit as they are concerned it will not voice the residents’ issues, Cllr Tranter said the report is still be compiled and is seeking advice from Bron Curtis – Principal Planning Officer.

There is a walk taking place on 2nd June from Morley’s Lane at 4pm, they are going to walk the pylon route and they are hopefully going to have a drone which will fly at 50m to show the height of the proposed pylons, everybody is welcome to attend.

The residents asked if it was possible to have a professional attend a meeting to give us a visual presentation of the proposed works and how it will affect our village, Wortham and Mellis are having DC Cllr Warboys will try to arrange for Ron Curtis to attend. An extra ordinary meeting will be called if a date can be arranged.
